Work Experience

UI/UX Designer | Frontend Developer - Contract

Mar 2024 - Present

Ricamado Unique Limited

Lagos, Nigeria

This role is centered on blending aesthetics with functionality to create a real estate platform that not only looks great but also performs exceptionally.

- Spearheaded user-centric interface design, boosting user engagement by 20% through intuitive property search and listing interfaces.
- Conducted user research with 50+ participants, leading to 5 key UX improvements that increased average session duration by 30%.

Frontend Developer - Contract

Jan 2025 - April 2025

ReconXi

Remote

Collaborated on an AI-powered financial reconciliation tool for businesses, auditors, and schools.

- Translated complex Figma designs into responsive, pixel-perfect user interfaces using React and TypeScript, ensuring 100% design accuracy across key flows.
- Integrated 10+ backend API endpoints for features like auto-matching, transaction categorization, and summary reports.

Lagos, Nigeria.

UI/UX Designer - Intern

Sept 2024 - Dec 2024

Flexisaf

Remote

Applied design thinking principles to create user-centered web and mobile experiences during a 3-month intensive internship.

- Gained practical experience in the design thinking process, conducting user research, defining pain points, ideating solutions, prototyping, and testing.
- Completed a final project: MatePair, a mobile-first app that helps users find ideal rooms and roommates, including full UX flow, wireframes, and high-fidelity mockups.

Frontend Developer - Intern

Oct 2023 - July 2024

Sidmach Technologies

Lagos, Nigeria

Developed a comprehensive design system that streamlined workflow for the design team; reduced design iteration time by 30% and enabled a consistent brand experience across 8 different platforms and applications.

- Collaborated with design teams to create UI designs that improved user satisfaction scores by 20% across 3 major projects.
- Develop and manage interfaces that reduced user error rates by approximately 30%.

Frontend Developer - Intern

March 2024

HNG

Remote

HNG Internship is a fast-paced bootcamp for learning digital skills. It's an intensive, remote learning program designed to help participants develop practical skills in various tech domains, from software development to design and digital marketing.

- Converted 15+ design mock-ups into fully functional, responsive web interfaces.
- Completing projects 20% faster than the average intern, mentored fellow interns, facilitating knowledge sharing and troubleshooting support.
